Attorney General

Bomb Shelters

Admiral C. A. Brinkmann,
State Director of Civil Defense

Dear Admiral Brinkmann:

Your memorandum of March 15 enclosing letter of March 11, 1954 from Colonel Conrad H. Lanza, Manchester Director of Civil Defense, has been received.

If the Legislature should determine that construction of such shelters in future construction is a wise and necessary requirement, I believe it would fall within the limits of constitutional legislation.

Very truly yours,

George F. Nelson
Assistant Attorney General
